

Science in the Summer

At

Montgomery County Libraries

Sponsored by GlaxoSmithKline, Science in the Summer™ And the Science of Me!

The **Science of Me** invites children to explore both the biological systems that make humans fundamentally alike and the elements that interact to create a unique individual. Through engaging, hands-on exploration, students discover how food becomes our body's fuel, where oxygen goes when we breathe it, how our brains interpret the world, and what role DNA plays in making us who we are.

GSK Science in the Summer™ is a fun and free science education program for students entering grades 2 to 6! All classes are taught by certified teachers and are offered in library systems in the Greater Philadelphia Area.

Students must register online prior to attending. We hope to see you there!

Online Registration begins: Friday, May 17th at 12PM
Montgomery County ONLY

<https://www.fi.edu/scienceinthesummer/registration>

Sessions are offered as follows:

Level 1 (2nd-3rd Grades) 10:00AM - 12:00PM

Level 2 (4th-6th Grades) 1:00 - 3:00 PM
